OLD BUSINESS

K2S Florida special event went very well. 348 contacts made--several local hams make contact. <https://k4hog.org/reenactment-of-the-second-seminole-indian-war/>

If you want to run a Thursday 8pm TCRA net please let Earl know and he will get you scheduled. We are still trying to figure out the best way to publish that schedule--via email is the plan right now. Several members raised their hand saying they would like to run the net. We are going to try and get the net script on the web page--<https://tcra.org/> stay tuned.

If you are interested in doing a little show and tell during the monthly ZOOM meeting let Earl know. Rod will do a quick how to track a satellite at the March ZOOM meeting. Earl is thinking about doing a netlogger show and tell.

Sandy KC9LZW was going to check with Paul about getting the net script and a TCRA printable membership form put on the TCRA webpage.

NEW BUSINESS

Winter field day. The following groups will be running field day:
K4HOG----Earl's group in Florida k4hog.org
W9CVA---Chippewa area radio club--w9cva.org---in Chippewa falls

Total Solar Eclipse April 8th---going right over Hot Springs AR.

Chuck W5HRW had a crummy button youtube about the last eclipse but I couldn't get the URL copied down---please resend the URL Chuck.

We as a club should pick a spring date and help Sandy KC9LZW get her HF vertical up and running. Sandy will supply us with the antenna type.

I did forget to report one other very important thing-----Chip wore his very busy, colorful parrot shirt for the people down south.
